

# SHOW YOUR SUPPORT @ SKI SAWMILL'S WINTER CARNIVAL WEEKEND AND BUILD A DUMMY TO SEND OVER THE "DUMMY JUMP" SUNDAY, MARCH 7th

## WHAT IS THE DUMMY JUMP?

Anyone has the opportunity to creatively build a dummy's on skis, snowboards, or anything that slides, to send down the hill and over a big jump! It's a ton of fun to watch the carnage unfold as the dummy's fly and then hopefully crash and burn!

## WHAT DO I GET IF I ENTER?

If you enter a dummy you can SKI FOR FREE for up to FOUR people per dummy entered the day of, as well as a chance to win the dummy jump (in which case you will receive prizes for first place) and get bragging rights all year long!

## THE DUMMIES ARE JUDGED ON...

- Creativity and Craftsmanship.
- How well it Skis or Boards down the hill.
- How much air. How it looks in the air.
- How well it does or doesn't land.

\*When building your dummy keep in mind we ski down with it and push it off the jump so to have something we can grab ahold of to ski with is helpful. Also try and give yourself some clearance from the snow up so whatever you build isn't catching on the snow as we ski it down!
